Fries To The Queen's Taste

There is no doubt that foods fried in butter taste better than those fried in lard, but many people cannot afford to use butter in this way. They can afford to use HOLLAND OLEOMAR-

GARINE which has the real butter taste when used in cooking

or as a "Spread for Bread." You can prove the truth of this by a trial pound today. The yellow package with blue stripes. Special Notice Save the Coupons in each package, and write today for new catalog and full particulars. PITTSBURGH PROVISION AND PACKING CO., PITTSBURGH, PA.

Sure heat—no speculation!

People who would not for any hoped-for profit risk a dollar in grain or stock speculations, may blindly risk many dollars and health dangers by taking chances of pulling through another winter with inefficient, nearlyplayed-out heaters. The wise owners and tenants—many thousands annually—stop such speculations, with their entanglements of high fuel expense, low comfort and great health risks, by putting in

IDEAL SMOKELESS Boilers and AMERICAN Radiators are sure in their distribution of right volume of heat to all rooms, sure in their automatic heat-regulation, sure of a century or more of durability, sure in getting the utmost volume of heat out of every onnce of fuel, sure in cleanliness - bringing no ash-dust or coal-gases into the rooms - no rusting, blacking, taking down, lifting and storing at season's end.

The cost of an IDEAL SMOKELESS Boiler and AMERICAN Radiators will annually average the lowest outlay For instance: One of these outfits costing \$200,

As there is no reason why an IDEAL-AMERICAN outfit will not last as long as the building—say 50 years—the investment would be only \$4 per year. The saving of a few tons of coal per year, which these outhts easily effect, will pay a handsome yearly profit on this ideal heating investment. No one can therefore afford to continue the wastes, repair-bills, and nuisances of old-fashioned heating.

and lasting 25 years, represents an investment of only \$8 per year.

co stent in the present one. No tenting up partitions or floors, nor disturbing occupants or old heating equipment until ready to put fire in the IDEAL Boiler. Put in quickly by any dealer mywhire should your old heating devices collaps- in zero spell.

An unfailing, stationary Vacuum Cleaner—in sizes now at \$150 up!

You should know about our ARCO WAND Vacuum Cleaner, for dustless, complete cleaning of rooms, furnishings, etc. Sits in basement or side room and cleans through iron suction pipe running to each floor. Easily put in OLD buildings. Fully CHARANTEED Lasts as long as the building—like radiator heating. Send for catalog.

Great Crowds Rushing to Union Supply Company Stores for the Clearance Sale Bargains

During all of last week the Union Supply Company's stores were offering very attractive bargains unusually attractive bargains in every department of their stores. The result was big business, extra forces were put on to handle the crowds. Shoes for men and women overcoats for men and boys, women's misses and children's wraps, underwear, sweaters all classes of winter goods were cut in many instances fifty per cent in some instances to less than fitty per cent It moved them out, it reduced our stock and was a great blessing to the people that were a little short of money allowing them to equip the family for a small outlay

The bargains will continue during all of this week some additional lines will be added, but the sale will be final Saturday January 30th, will wind up the Clearance Sale Rummage Sale Cut Price Sale for the present so if you want to participate in the pargain hunting or bargain giving carnival you must go to a Union Supply Company store during this week

But do they ever think of applying it

to then advertising problems?
The drift of all advertising is today towards the daily newspaper—tor exactly this reason TRADL FOLLOWS VALUE.
The newspaper gives more immediate.

n ore definite more profitable returns than any other medium
To the national manufacturer news-

paper adverting has really a double value for it not only influences consulters but it encourages local dealers to push the advertised product

She planned all kinds of reprisals upon the unfortimate people she was olag among. She would be so rule m and so unbearable that they would be glad to send ber back on the next boat. She schemed out her whole plan of action. She would contradict and disobey and berate and beittle. Nothing they would do would be right ber, and nothing she would do or any would be right to them. She took infinite pleasure in her plan of cam-paign. Then, when she was enjoying the pleasure of such resentful dreams, she would think of her father walting for news of her, of his pride in her, of how much he wanted her to succeed, She would realize how much the part. ing meant to him, and all her little plots would tumble down, and she would resolve to try to please her to-lations, learn all she could, succeed be-yond all expression and either go buck to America po sperous or send for her father to join her in England. ORANGE SEEDLINGS. Must Be Grafted When About Twe Years Old to Obtain Flowers.

Orange plants thrive in a mixture of rich loam and old manure, but cars is necessary not to disturb them or to give them too much water when not in a growing state. Granges raised from seed will not flower for several years unless budded

or grafted when about two years old. Plants propagated from cuttings can be stuck in sand with gentle bottom heat and will flower and fruit much sconer than any others, but scarcely ver attain a large size. Florists would pot two inch orange plants in thumb pots. These dry ou quickly, and the amateur grower will probably do better by potting two or

three plants in a three inch not later

repotting separately when the plants are larger. It will do to pot them sep-arately then if desired in three inch pots. Keep the foliage clean by frequent spraying or washing and watch for
